Give
the unborn
a whole
lifetime of
choices!

Ireland - Unborn Lives Matter!

“Yes, babies in the womb are human beings, but so what?”

— *MaryElizabeth Williams (American journalist, “Catholic”...)*

Leo Varadkar
Irish Prime Minister
(Taoiseach)

I WILL CAMPAIGN TO ALLOW UNRESTRICTED ABORTIONS UP TO 12 WEEKS IF THE REFERENDUM PASSES. MY OWN VIEWS HAVE EVOLVED OVER TIME. LIFE EXPERIENCE DOES THAT. [Christian Today](#), 30/1/18

“LIFE EXPERIENCE”?

WE’LL TAKE YOUR WORD FOR IT, SIR...

18 days a baby’s heart beats *with the baby’s own blood*. **8 weeks** all organs function. **9 weeks** has individual fingerprints. **10 weeks** a baby is sensitive to touch; eyelids, fingerprints and even fingernails are evident. **11 weeks** baby urinates, and stomach muscles can now contract. Vocal chords and taste buds form. Facial expressions and even smiles are evident. **12 weeks** Though too small to be felt by the mother, the baby reaches peak frequency of movement. The baby’s sex can be visually determined, and the child’s eyes, ears and face begin to display distinctive characteristics. He/she can kick, turn feet, curl and fan toes, make a fist, move thumbs, bend wrists, turn head, open mouth and press lips tightly together. The baby swallows and responds to skin stimulations.

Vote to Save The 8th... And thus to save, not simply human bodies, but souls, as well... >

Before I formed you in the womb, I knew you...

Jeremiah 1:5

Vote to save the lives of countless babies who will be destroyed by abortion if it becomes legal in Ireland. Vote to save these innocent lives, and to allow them the chance of happiness, now and in eternity.

There's *always* an alternative.
Always another way...

For Example...

Gianna Care offers free and practical assistance - visit giannacare.ie. where you will read that:

Whether you are experiencing an unexpected pregnancy, or need help following an abortion, our trained client advocates, counsellors, nurses and doctors are here to help.
